OFFICE OF LEGISLATIVE COUNSEL

Friday - 8 December 1967

25X1	
25X1	Received a call from the office of Representative William M. McCulloch (R., Ohio) concerning the origin of a group currently referred to in newspaper reports as "Socialist Scholars." Upon ascertaining that this was a U.S. group, I advised that internal security was not our function and at the request of the caller suggested that the Senate Internal Security Subcommittee may be of some help.
